Introduction No PC1/CA2004/000857

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 G01N33/574 G01N33/68 C12Q1/6	B C07K16/28
According to International Patent Classification (IPC) or to both national classific B. FIELDS SEARCHED	ation and IPC
Minimum documentation searched (classification system followed by classificat	ion symbols)
IPC 7 GO1N C12Q C07K	
Documentation searched other than minimum documentation to the extent that	such documents are included in the fields searched
Electronic data base consulted during the International search (name of data base	ase and, where practical, search terms used)
EPO-Internal, WPI Data, PAJ, BIOSIS, EMBA	SE, Sequence Search
C. DOCUMENTS CONSIDERED TO BE RELEVANT	
Category ° Citation of document, with indication, where appropriate, of the re	levant passages Relevant to claim No.
	-/
X Further documents are listed in the continuation of box C.	Patent family members are listed in annex.
° Special categories of cited documents :	"T" later document published after the International filing date or priority date and not in conflict with the application but
"A" document defining the general state of the art which is not considered to be of particular relevance	cited to understand the principle or theory underlying the invention
*E" earlier document but published on or after the International filing date	*X* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to
L document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)	involve an inventive step when the document is taken alone "Y" document of particular relevance; the claimed invention
"O' document referring to an oral disclosure, use, exhibition or other means	cannot be considered to involve an inventive step when the document is combined with one or more other such docu-
P document published prior to the International filling date but later than the priority date claimed	ments, such combination being obvious to a person skilled in the art. *&" document member of the same patent family
Date of the actual completion of the international search	Date of mailing of the International search report
19 January 2005	15/02/2005
Name and mailing address of the ISA	Authorized officer
